Dear Ms. Eliason:

Re: Weber River (US) Dist. Sys.  
Account 62-92B

The Weber River Commissioner, Blaine Johnson has informed us you own a portion of water rights 35-8686, 35-8688, which are regulated under the Weber River (Upper Summit) Distribution System. The distribution account number associated with these rights is 62-92B. We are enclosing, therefore, the 1993 assessment notice for the above mentioned water rights.

The distribution system is regulated by the State Engineer under authority of Section 73-5-1, Utah Code Annotated, 1953, as amended to insure orderly distribution of water based on water rights. A budget is set and assessments are made each year to meet the expenses of the distribution system including the commissioner's salary. The budget and assessments are set by the water users at the annual distribution meeting with the State Engineer. If assessments are not paid by June 1st a delinquent penalty of 10% is added.

If you have any questions, please either call Blaine Johnson, River Commissioner at 479-5794 or Jim Riley, Salt Lake Regional Engineer at 538-7400 or myself at 538-7431.

Sincerely,

John S. Larsen
